A SET OF SIX "TATI" DINING CHAIRS IN GREEN LACQUER

A set of six playful and stylish chairs in a striking green color, made by Gärsnäs Möbler, Sweden in the 1980's. The model is called "Tati" and is designed by Ralf Lindberg especially for Gärsnäs AB. The sculptural form expresses new achievements in formed-wood technology, made possible by the enduring cooperation between Ralf and Gärsnäs that went on for years but actually started with this particular chair.
