## ANNA PETRUS JANUS HEAD

A sculptural "Janus Head" by Swedish designer Anna Petrus, produced by Svenskt Tenn. The iconic double face looks in opposite directions—one to the past, one to the future—capturing the timeless symbolism of Janus with a calm yet powerful presence. Cast in metal with crisp features and a beautifully tactile surface, it works as an eye-catching object on a console, bookshelf or desk, adding depth and personality to any interior. A refined classic of Swedish design and decorative arts.
