## CERAMIC VASE BY CARL-HARRY STÅLHANE

A collectible stoneware vase by Carl-Harry Stålhane (1920–1990), one of the defining names in Swedish ceramics and a long-time artistic leader at Rörstrand. This example, known as "Pipe Strand", features hand-painted decoration with playful fish motifs in lively colour and confident line work. Signed by Stålhane, it has a wonderfully tactile presence—eye-catching on its own, yet easy to style in a group. A strong piece of mid-century studio pottery that balances artistry, charm and Scandinavian craftsmanship.
