A PAIR OF CAST GLASS MIRRORS BY CARL FAGERLUND FOR ORREFORS

These large and impressive rectangular mirrors set in a molded cast glass frame and beaded glass inner edge are incredibly well crafted and exquisitely detailed. The weight of these mirrors is substantial and it is very rare to find a pair of them together. They are manufactured in the 1940s by famed Swedish glassworks Orrefors and designed by Carl Fagerlund, both which are hallmarks of quality.
