RED LACQUERED CHEST OF DRAWERS BY CARLO DE CARLI FOR SORMANI

The Carlo De Carli Model D154 chest of drawers, produced by Sormani in the 1960s, is a striking piece featuring red lacquered wood with elegant bronze details. Its thin, pin-point legs give it a floating appearance, enhancing its light and modern design. This cabinet offers ample storage with three spacious drawers, blending functionality with refined aesthetics typical of mid-century Italian furniture. The red finish adds a bold visual statement, making it a standout in any interior.
